Overview

Steel tube 27/1.5, galvanized swaged

Product number: 03027641

Description

- Application: Push rod for shading and ventilation systems in greenhouses
- Material: Galvanized steel for high stability and corrosion resistance
- Wall Thickness: 1.5 mm
- Length: 6500 mm
- Highlight: Tapered ends for quick plug-in connection and fastening

The **27/1.5 mm Tapered Steel Tube, Sendzimir-Galvanized - 6500 mm - Bundle of 95** serves as a push rod for greenhouse shading and ventilation systems. Thanks to its tapered ends, it can be easily inserted and fastened, ensuring a secure, reliable fit.

We recommend bolt and nut type 27.32 for proper assembly. The galvanized finish offers excellent corrosion resistance, making this tube perfect for long-term use under greenhouse conditions.
