# Description

- **Product:** Tomato Twine
- **Material:** Jute fibres
- **Strength:** 5-ply twisted
- **Length:** 1440 m per spool
- **Weight:** 4 kg per spool
- **Packaging unit:** 6 spools
- **Application:** Training tomatoes, cucumbers, peppers and other crops
- **Function:** Tear-resistant and flexible for secure plant guidance
- **Advantages:** Contains no synthetic fibres

The **tomato twine** is ideal for training tomatoes, cucumbers, peppers and other crops. It is made from jute fibres and contains no synthetic materials.

Thanks to its 5-ply twist, the twine offers high tear resistance and flexibility. With a length of **1440 m** per spool and a weight of **4 kg**, it is perfectly suited for professional use in nurseries and agricultural operations.

A stable and reliable solution for secure plant guidance.
