Description

- **Application:** Drive unit for rafter rail systems in greenhouse ventilation
- **Material:** Galvanized steel for strength and corrosion protection
- **Installation height:** 60 mm (from rack center to top of rafter)
- **Mounting:** M10 bolt and locknut connection
- **Features:** Hardened pinion, grease nipples, guiding blocks for precise rack alignment
- **Weld shaft compatibility:** Flat shaft ends for easy coupling
- **Ridder Article No.:** 540000

The **TRN 520-3S-H60 pinion house unit** offers a reliable and low-maintenance solution for greenhouse drive systems. Its increased height allows for flexible mounting, and it ensures smooth rack movement with minimal wear.

All prices excl. VAT plus shipping costs and possible delivery charges, if not stated otherwise.
