

## **Overview**

## **Bolts M 6 x 30 with nuts** for steel tube 27.32 - PU =**100** pcs

Product number: 42100200

## **Description**

- Application: Connecting push-pull tubes Ø 27 and Ø 32 mm in greenhouse systems
- Dimensions: M6 × 30 mm • Material: Galvanized steel
- Features: Bolt head and nut sit flush with the tube to avoid collision with roller housings
- Packaging unit: 100 pieces

The Bolts M6×30 with nuts for steel tube 27.32 are designed for connecting 27 mm and 32 mm push-pull tubes in greenhouse shading and ventilation systems. The flush fit prevents interference with diabolo roller housings.
