

## Overview

# Bolts M 6 x 30 with nuts for steel tube 27.32 - PU = 50 pcs

Product number: 42100200

## Description

- **Application:** Connecting push-pull tubes Ø 27 and Ø 32 mm in greenhouse systems
- **Dimensions:** M6 × 30 mm
- **Material:** Galvanized steel
- **Features:** Bolt head and nut sit flush with the tube to avoid collision with roller housings
- **Packaging unit:** 50 pieces

The **Bolts M6×30 with nuts for steel tube 27.32** are designed for connecting 27 mm and 32 mm push-pull tubes in greenhouse shading and ventilation systems. The flush fit prevents interference with diablo roller housings.
