Description

- **Application:** Connecting 19 mm aluminum tubes for fabric routing
- **Material:** Aluminum
- **Feature:** Adjustable angle for precise alignment
- **Mounting:** Preassembled on ground - final angle set during installation
- **Packaging Unit:** 250 pcs

Lead edge elbow fits 19 act as a flexible joint between **19 mm aluminum tubes**, enabling accurate alignment of fabric guides. Thanks to its adjustable angle, it supports precise directional control. Installation is carried out via plug-in connection and mechanical interlocking using a lightly roughened tube surface.
