

Overview

Tube-rack coupling plates - 20 mm for tube

Product number: 32212027

Description

- **Application:** Mounting 20 mm or 25 mm racks to Ø 27 mm or Ø 32 mm round tubes
- **Material:** Galvanized steel for high corrosion resistance
- **Compatibility:** Ridder RackDrive 700 and TRN rack drives
- **Mounting:** Bolt-and-nut connection
- **Alignment:** Rack centerline aligns with tube centerline
- **Ridder Article No.:** 418736

The **Coupling Plate Ridder - 20/25 mm** is designed for flexible mounting of Ridder rack drives to round tubes. It ensures precise alignment and reliable force transmission in greenhouse ventilation systems. Suitable for both 27 mm and 32 mm tube diameters.
