Description

- **Application area:** Mounted on the underside of square tubes in shading systems
- **Material:** Pulley made of impact-resistant plastic, bracket made of galvanized steel
- **Diameter:** 100 mm
- **Suitable for:** Wire ropes up to 3 mm in diameter
- **Compatible square tubes:** 50 × 50, 50 × 55, 50 × 30, 50 × 25, 50 × 20 mm
- **Special feature:** Axle position adjustable in three height levels

The **Pulley 100 for underside mounting 50.50** is specifically designed for attachment to square tubes in shading systems. It allows flexible axle positioning via three mounting holes in the steel bracket and is suitable for wire ropes up to 3 mm in diameter.

Thanks to its high-quality materials—impact-resistant plastic for the pulley and galvanized steel for the bracket—it offers excellent stability and durability.
