Description

Product: Climatex 60 g

• Width: 240 cm • Length: 100 m

• Application area: Frost protection for plants and crops

• Material: Light-permeable, breathable fleece

• Function: Protection against cold and weather conditions

• Advantages: Lightweight, flexible, easy to handle

Climatex 60 g is a high-quality cover fleece that reliably protects plants and crops from frost. Its light-permeable structure ensures that plants continue to receive sufficient light.

Thanks to its breathable properties, it creates optimal conditions for overwintering and protects against sudden temperature fluctuations.
