Description

- **Application area:** Connecting 32 mm push rods with 19 mm pipes or screen profiles
- **Material:** Sturdy metal construction for high stability
- **Special feature:** Suitable for constructions with large fabric spacing and heavy shading fabric

The **Table clamp 32.60** is designed for securely connecting 32 mm push rods with 19 mm pipes or screen profiles that guide the fabric. It is particularly suitable for constructions with large fabric spacing where heavy shading fabric is used.
