

Overview

Ridder Mounting plate RSD\105\E\H340-495 - for motor gearbox RW240/400/600-RSD250 - von 340-495 mm

Product number: 32050501

Description

The vario-motor mounts enable you to flexibly attach your gear motors within the area of the truss in greenhouses. Thanks to a variable hole pattern the motor mount can be positioned at different heights of the truss.

This component can be used in greenhouses with central drive and with gable end drive.

Material: Galvanized steel

Ridder Art.-Nr. 503500
