Description

- **Application:** Greenhouse shading system
- **Material:** Acrylic and aluminum fibers
- **Shading Rate:** Approx. 55-60%
- **Width:** 450 cm
- **Color:** Alu-Orange
- **Feature:** Moisture-regulating and reflective

FFS 2/4 alu-orange - 450 cm provides extra-wide coverage for greenhouse shading setups. It combines the same performance benefits as the 350 cm version—solar reflection through aluminum threads and humidity control via acrylic fibers—but offers greater span efficiency for larger structures.

Its alu-orange design not only performs under intense sunlight but also visually complements greenhouse interiors. Ready for installation with S-hooks, this version simplifies setup and optimizes shading results.

Note: Price applies to raw fabric only. Finishing services may incur additional costs.

Product information

Energy Saving:	60 %
Shading:	55 %
Direct Light transmission:	45 %
Flame retardant (DIN 4102 B1):	No
UV Stabilization:	5 years (climate: Central Europe)
Weight (+/- 10%):	115 g/m ²
