Description

- **Application:** Motor mount and counterweight carriage for Tower Roller Plus systems
- **Features:** Includes guiding rail cover for added safety
- **Design:** Lightweight, compact, and maintenance-free
- **Compatibility:** For all standard motors - counterweight matched to system

The **Tower Roller Plus Roll Console incl. guiding rail cover** is the central moving unit in the Tower Roller Plus system. It carries the motor and counterweight, runs on high-strength plastic rollers, and includes a protective cover for the guide rail. Designed for long-lasting, low-maintenance operation in greenhouse environments.
