Description

- **Application:** Support or fastening wire for shading fabrics and mesh strips
- **Diameter:** 2.2 mm
- **Length:** Approx. 1800 m per roll
- **Material:** UV-stabilized black polyester
- **Features:** Ideal for greenhouses with high UV transmission - weatherproof and durable

The **Polyester wire, black – Ø 2.2 mm – approx. 1800 m/roll** is designed for use in greenhouses with high UV exposure. Its UV-stabilized polyester construction ensures long-term durability and resistance to environmental stress.
