• Application: Push rod guidance in shading systems with push-drive setups

• Material: Plastic diabolo roller with stamped sheet metal housing

• Installation: Rotating plastic insert allows flexible positioning

• Features: Integrated plastic lamellae assist with push rod alignment

• Packaging Unit: 50 pcs

**Diabolo Roller 27.32 Set 3 with Adjustable Mounting Plate** offers precision guidance of push rods in greenhouse shading systems. The rotating plastic insert enables variable installation angles for optimal flexibility.

Plastic lamellae help fine-tune push rod position, ensuring stable and consistent motion. A rugged choice for accurate and professional shading automation.
