Description

- **Application:** Adjustable elbow joint for 50×50 mm square tubes
- **Material:** Galvanized steel
- **Features:** Weld-free installation - adjustable to any angle - pre-assembly possible
- **Packaging unit:** 10 pieces

The **Square tube elbow connector 50×50** allows flexible angled connections between square tubes in greenhouse structures. It can be pre-assembled on the ground and adjusted to the desired angle during installation. No welding required.

All prices excl. VAT plus shipping costs and possible delivery charges, if not stated otherwise.
