Description

- **Application:** Connects the chain wheel of RW motors to the drive shaft
- **Material:** Galvanized steel
- **Design:** Bolted version with pre-punched receptacle for easy shaft insertion
- **Chain type:** Duplex chain for inline shaft movement
- **Benefit:** Enables flexible alignment and compensates for structural movement
- **Ridder Article No.:** 590014

The **Chain Bolt Coupling for RW 240/400/600/800 – Tube Ø 5/4″** connects the gearbox chain wheel to the drive shaft and enhances system flexibility. The bolted design allows for faster, weld-free installation. The duplex chain ensures inline movement, reducing stress during dynamic operation and greenhouse structure shifts.
