

Overview

Ridder pinion house unit RSD 250-40/RR - PU = 12 pcs

Product number: 32200026

Description

The pinion house unit RSD 250-40 RR serves as a drive, which is placed underneath for push-pull shading systems. By standard it is equipped with mounting straps for truss on the right side. This position enables a very close mounting to the rack. On demand we are able to deliver the pinion house unit with straps on the left side or on both

Created at 29.06.2025.

* Our offers are directed exclusively to companies. We do not conclude contracts with consumers. All prices excl. VAT plus shipping costs and possible delivery charges, if not stated otherwise.
