Description

- **Application:** Securing shade fabrics to screen profiles and wires
- **Material:** Stainless steel (Inox)
- **Packaging Unit:** 100 pieces

- **Features:**

- Quick and easy to install
- Versatile use beyond shading systems
- Suitable for thin metal sheets and wire attachments

Inox Cloth Clips are practical stainless steel fasteners designed for quick and secure attachment of shading fabrics to screen profiles and wire structures. They are easy to install and provide a firm grip—perfect for greenhouse shading systems.

Built from durable stainless steel, these clips are corrosion-resistant and long-lasting. Their versatility also makes them useful outside of greenhouse setups, such as fastening materials to thin metal sheets or wires. Each pack includes 100 pieces.
