Description

- **Application:** Cable pulley for greenhouse and livestock facility tensioning systems
- **Material:** Corrosion-resistant housing with plain bearing
- **Wire Compatibility:** For wires and ropes up to 7 mm in diameter
- **Load Capacity:** Max. 100 kg
- **Packaging Unit:** 50 pcs

Pulley 90 mm - Plain Bearing is designed for building cable guidance systems, especially in greenhouse and stable environments. Its plain bearing construction resists corrosion while enabling reliable performance for cables up to 7 mm in diameter.

With a load capacity of 100 kg, this pulley is a dependable choice for high-demand cable routing. The 50-piece bulk pack supports efficient installation in larger-scale projects.
