Description

- **Application:** Shading fabric for greenhouses to regulate temperature
- **Material:** Acrylic and aluminum fibers
- **Shading Rate:** Approx.68%
- **Width:** 350 cm
- **Color:** Alu-yellow
- **Mounting:** Can be installed directly using S-hooks without further finishing
- **Features:**
  - Reflects solar radiation to reduce heat buildup
  - Absorbs evaporative moisture to enhance greenhouse climate
  - Made in Germany

FFS 4/4 alu-yellow – 350 cm combines highly effective heat and moisture regulation with a bright, vibrant aesthetic. Its increased shading rate of 68% offers reliable sun protection for delicate crops, while the combination of acrylic and aluminum threads ensures durable climate control throughout the season.

Prepped for quick mounting, it can be suspended without sewing—ideal for fast installations or temporary shade adjustments.

Note: Price reflects raw material only - finishing work is optional and priced separately.
