Description

- **Application area:** Guidance of push rods in shading systems with push rod drive
- **Material:** Diabolo roller made of plastic, housing made of galvanized steel
- **Side guide:** Integrated side disc for push rod alignment

The **Diabolo roll 27.32 with stamped sheet housing and side guide** is specifically designed for shading systems with push rod drive. It ensures precise guidance of the push rods and smooth movement.

Thanks to the integrated side guide, the push rod is optimally aligned, ensuring stable and reliable operation. The robust stamped sheet housing provides high durability and resistance.
